

Contigo autosealing, spillproof mugs

By John Guilfoil

The Contigo mug is a revolutionary new product that's spillproof, stylish and already starting to sweep into the mainstream with retail deals at stores like Target and Costco.

Contigo works with a simple button that opens the sip port and completely closes, sealing the tumbler against leaks. No more spills from falling out of the cup holder

The standard mug holds 16oz of liquid and goes anywhere! It's a really impressive product and makes a great gift for co-workers!

Features:

- Autoseal Button: Press to sip, release to seal
- Prevents all leaks and spills
- Patented, built-in pressure relief system insures no spray when opening
- Vacuum Insulation Technology: Keeps coffee hot and cold drinks cold for hours
- One handed operation
- Stainless Steel double wall vacuum construction
- Fits any standard car cup hold
