Vol. 9, No. 17 A COMMON VOICE FOR A DIVERSE COMMUNITY Distributed December 19, 2007

Stocking stuffers: Small tokens, great gadgets, cool toys for crunch time

From Contigo this Christmas comes the no-spill, stainless steel **AUTOSEAL** travel mug. This mug, with the push of a button, seals after each sip. That means there's no worries about spills at the computer or as a commuter, and there's also better chance at keeping the heat. Your best bet on finding it in the next week is at Target.
