

## AUTOSEAL™ MUG, THE HOT ITEM FOR HOLIDAY GIFTS

**Contigo AUTOSEAL technology promises no spill**

This holiday season give the gift that is perfect for any on-the-go commuter. The Contigo AUTOSEAL mug is the only mug you cannot spill. With the patented automatic lid system that seals in-between sips, the technology is 100 percent leak proof.

The AUTOSEAL mug is a great holiday gift for any and every commuter; with only one hand, you can easily drink your beverage. Press the button to sip and release it to seal. The unique design and technology has superior heat retention for those cold, early morning traffic jams.

The stainless steel AUTOSEAL mug features doubled-walled insulation and vacuum seal technology. It is available in 16 fl. ounces, and keeps hot liquids hot for four hours and cold liquids cold for 12 hours. The stainless steel AUTOSEAL mug is available at Target stores

in the house wares department for \$19.99.

The high impact thermo plastic AUTOSEAL mugs also features doubled-walled insulation and come in a red or black finish. The AUTOSEAL is the first travel mug that automatically seals between sips, which keeps liquids hot and fresh longer, making it perfect for the car, bus, or train ride. The high impact thermo plastic AUTOSEAL mug is available at Target for \$14.99 in the housewares department.

### About AUTOSEAL

AUTOSEAL travel mugs feature revolutionary new technology in beverage ware. The patented AUTOSEAL system, by Contigo, has forever changed the on-the-go beverage drinking experience with its never-spill, go anywhere convenience.
